CLAUSES INCORPORATED BY FULL TEXT

5352.242-9000 CONTRACTOR ACCESS TO AIR FORCE INSTALLATIONS (AFFARS)(JUN 2002)

(a) The contractor shall obtain base identification and vehicle passes for all contractor personnel who make frequent visits to or perform work on the Air Force installation(s) cited in the contract. Contractor personnel are required to wear or prominently display installation identification badges or contractor-furnished, contractor identification badges while visiting or performing work on the installation.

(b) The contractor shall submit a written request on company letterhead to the contracting officer listing the following: contract number, location of work site, start and stop dates, and names and social security number of employees and subcontractor employees needing access to the base. The letter will also specify the individual(s) authorized to sign for a request for base identification credentials or vehicle passes. The contracting officer will endorse the request and forward it to the issuing base pass and registration office or security police for processing. When reporting to the registration office, the authorized contractor individual(s) should provide a valid driver's license, current vehicle registration, valid vehicle insurance certificate, and a base picture ID card to obtain a vehicle pass.

(c) During performance of the contract, the contractor shall be responsible for obtaining required identification for newly assigned personnel and for prompt return of credentials and vehicle passes for any employee who no longer requires access to the work site.

(d) When work under this contract requires unescorted entry to controlled or restricted areas, the contractor shall comply with AFI 31-209, the Air Force Resource Protection Program, and AFI 31-501, Personnel Security Program Management, as applicable.

(e) Upon completion or termination of the contract or expiration of the identification passes, the prime contractor shall ensure that all base identification passes issued to employees and subcontractor employees are returned to the issuing office.

(f) Prior to submitting an invoice for final payment, the prime contractor shall obtain a clearance certification from the issuing office which states all base identification passes have been turned in, accounted for, or transferred to a follow-on contract. This certification shall be submitted to the contracting officer prior to submission of the final invoice for payment.

(g) Failure to comply with these requirements may result in withholding of final payment.

ADDENDUM TO FAR 52.212-4, CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS

The following paragraphs of this clause are tailored as follows:

(a) Inspection/Acceptance. Inspection and acceptance of the services will be performed at Keesler AFB, MS, by 81 CES/CEOE.

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties with the exception of administrative changes such as changes in the paying office, appropriations data, etc. which may be changed unilaterally by the government.

81st Civil Engineer Squadron

HOSPITAL MEDICAL GAS

Keesler Air Force Base

STATEMENT OF WORK

June 2003

DESCRIPTION/SPECS/WORK STATEMENT

Medical Gas Maintenance Contract

1 GENERAL: The Contractor shall furnish all necessary labor, supervision, materials, tools and equipment to inspect, perform all scheduled preventive maintenance, minor repairs, emergency call back repair services to the medical gas piping systems at Keesler Medical Center (**KMC**).

1.1 Scope of Work: The work to be performed includes, but is not limited to the following features.

1.1.1 Scheduled preventive maintenance, minor repairs, and emergency or call back repair services as required for the medical gas piping systems. This work located at KMC, Keesler AFB, Mississippi.

1.1.2 Additional Work: Additional work (repairs or parts) beyond the scope of the maintenance contract shall be done as a separate procurement action. The Government reserves the right to solicit bids from other contractors for the performance of additional work repairs or replacement beyond minor repair.

1.2. CONTRACTOR PERSONNEL

1.2.1. Contract Manager. The contractor shall provide a contract manager who shall be responsible for the performance of work. The name of this person, and an alternate or alternates who shall act for the contractor when the manager is absent, shall be designated in writing to the contracting officer.

1.2.1.1. The contract manager or alternate shall have full authority to act for the contractor on all contract matters relating to daily operation of this contract.

1.2.1.2 The contract manager and alternate or alternates must be able to read, write, speak and understand English.

1.2.2. Contractor Employees. The contractor shall not employ persons for work on this contract if such employee is identified to the contractor by the contracting officer as a potential threat to the health, safety, security, general well being or operational mission of the installation and its population. **Employees must be ASSE-6030 certified and present their certification upon request by government personnel.**

1.2.2.1. Contractor personnel shall present a neat appearance and be easily recognized as contractor employees. This may be accomplished by wearing badges bearing the company's name and employee name.

1.2.2.2. The contractor shall ensure employees have a current and valid driver's license before allowing the employee to operate a contractor-owned vehicle on Keesler AFB.

1.2.2.3 The contractor shall not employ any person who is an employee of the US Government if employing that person would create a conflict of interest. Additionally, the contractor shall not employ any person who is an employee of the Department of the Air Force, either military or civilian, unless such person seeks and receives approval according to the appropriate ethics regulations.

The contractor shall not employ any person who is an employee of the Department of the Air Force if such employment would be contrary to government policies.

1.2.2.4. The contractor is cautioned that off-duty active military personnel hired under this contract may be subject to permanent change of station, change in duty hours, or deployment. Military Reservists and National Guard members may be subject to recall to active duty. The abrupt absence of these personnel could adversely affect the contractor's ability to perform however, their absence at any time shall not constitute an excuse for nonperformance under this contract.

1.2.3. SECURITY REQUIREMENTS. The contractor shall obtain a Base Identification Card for all employees and a favorable National Agency Check investigation for those personnel that require restricted area access. Employees without a security clearance must be escorted by an appropriate government official or a contractor employee with appropriate security clearance while in a restricted access area. The contractor shall maintain a current listing of employees.

1.3 ACCESS: The Government shall provide adequate working space, including heat, light, ventilation, electric current, and outlets for the Contractor's service personnel. The use of any machines, attachments, or diagnostic equipment which are necessary for the proper maintenance of equipment under this contract shall be furnished by the Contractor. Before entering the job site, the Contractor shall stop by the Facility Management Office, Room BC-510 at KMC to obtain a visitor's badge.

1.4 SYSTEM EQUIPMENT: The maintenance of the systems will include but not be limited to the entire piped gas system from wall terminals, i.e., patient terminals, emergency shutoff controls for medical piping, master and area alarm systems, and evaluation of the medical gas supply sources. **Bulk storage systems for the Oxygen is under contract for maintenance. This system will not be included under this contract.** This contract will include all auxiliary equipment. The nitrogen and nitrous oxide manifold are Ohio Unimatic II unit manufactured by Ohmeda Medical Engineering. Wall terminals are manufactured by Ohio Medical Products. Attach 1 shows a list of medical gas equipment inventory.

2. DEFINITIONS

2.1. Medical gas piping systems are for oxygen, nitrogen, nitrous oxide, vacuum, and medical air.

2.2. Preventive Maintenance: Original Equipment Manufacturer's recommended schedule to maintain equipment standards. (This needs to be furnished by the Contractor)

2.3. Emergency Repair: Repair services performed on medical gas piping systems that have been determined to be malfunctioning or inoperable at times other than during scheduled maintenance.

2.4. Call Back Service: Repair services at no additional cost to the Government performed on medical piping systems for a reoccurrence of the same problem for which the equipment was repaired within the past 30 days.

2.5. HOURS OF OPERATION. Keesler AFB utilizes a compressed work schedule in which forty-four (44) hours are worked in one week and thirty-six (36) hours are worked the following week and thereafter repeating. The Contractor shall maintain the following customer service hours.

7:00 a.m. (0700) to 4:45 p.m. (1645) - Monday through Thursday
7:00 a.m. (0700) to 3:45 p.m. (1545) - Every other Friday

2.6. FEDERAL HOLIDAYS. The Contractor is not required to provide routine service on the following days.

New Year's Day	Labor Day
Martin Luther King's Birthday	Columbus Day
President's Day	Veteran's Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day

Whenever a federal holiday falls on a Saturday, the proceeding Friday is observed, and whenever a holiday falls on a Sunday, the following Monday is observed. Whenever a federal holiday falls on a Friday, the proceeding Thursday is observed.

3. RESPONSIBILITIES OF THE CONTRACTOR

3.1 The Contractor shall furnish all parts, tools, and equipment required to provide scheduled preventive maintenance, call back repairs, and emergency repair for medical gas piping systems. If repair parts furnished by the contractor malfunction within 30 days due to defects in materials or workmanship, the contractor shall regard this as a call back for the reoccurrence of the same problem and the repair or replacement of parts shall be provided by the Contractor at no additional cost to the Government.

3.1.1 The work described shall be performed by the Contractor and, unless otherwise specified, applies to all parts of the medical gas piping systems including but not limited to receptacles, oxygen tanks, nitrogen tanks, regulators, manifolds, piping, alarm system, and all other signal devices.

3.1.2 The Contractor shall keep the exterior of the machinery and any other parts of the equipment subject to rust, properly painted at all times. After cleaning to remove rust, grime, etc., the Contractor shall spot prime bare metal surfaces before painting. Neither paint nor prime shall contain lead.

3.1.3 The Contractor shall not be required to make repairs caused by negligence or misuse of the equipment by persons other than the contractor, or his representatives and employees, or by reason of any other cause beyond the control of the contractor, except ordinary wear and tear. Should the Contractor find evidence of negligence or misuse, the contractor shall immediately notify the Contracting Officer of suspected misuse or neglect before attempting any repairs or replacements. The Contracting Officer or designated representative will verify the misuse or neglect and advise the Contractor of his next course of action. The Contractor shall not be required to install new attachments as may be recommended or directed by insurance companies or by Federal, State, Municipal, or other Government authorities.

3.2 The following maintenance schedule has been established for the medical gas piping systems. The Contractor shall coordinate all scheduled maintenance with the designated representative prior to performance. The Government inspector reserves the right to be present during scheduled maintenance.

3.2.1 Quarterly preventive maintenance service sufficient to support the operation of the medical gas piping system for a three month period shall be conducted during the last week of December, March, June, September. The Contractor shall perform routine inspections and repair service.

3.2.2 Emergency service consists of having a service man on the job site within 24 hours in response to a request from the Contracting Officer by telephone or otherwise, for service between the hours of 7:00 am to 4:45 PM, Monday through Friday.

3.2.3 Call back service consists of having a service man on the job site within 48 hours in response to a request from the Contracting Officer by telephone or otherwise, for a reoccurrence of the same problem that the equipment was repaired for within 30 days, between the hours of 7:00 am to 4:45 PM, Monday through Friday.

3.3 Oxygen, Nitrogen and Nitrous Oxide Systems: Once every quarter (see section C.3.2.2) the Contractor shall perform routine inspection and repair services to the oxygen, nitrogen, and nitrous oxide systems, to include checking and adjusting (calibrate) all regulators and gauges to ensure proper functioning. In addition to the quarterly maintenance, the Contractor shall perform a leak test and functional checkout on the oxygen, nitrogen, and nitrous oxide manifolds quarterly (see Section C.3.2.1).

3.4 Special Scheduling: The medical gas piping systems at KMC are considered to be critical. Any work that will require a system to be shutdown or that might accidentally shut a system down shall be coordinated with the Facilities Management Staff at KMC, at least one (1) week prior to commencement of work and be performed only with approval of the Contracting Officer. The Contractor shall be responsible for rescheduling such work in the event that there is a conflict in schedule for shutting the equipment down. The Contractor shall reschedule at no charge to the Government. Primary point of contract for coordination is the Chief of Services Branch. Secondary point of contract is the Facilities Manager.

3.5 Completion of Repairs: All scheduled maintenance, emergency service and call back repairs shall be completed within (8) hours upon arrival at the equipment site. Repair time begins when the Contractor arrives at the equipment site and ends when the equipment is in a fully functional state. If after eight (8) hours the equipment is still inoperable the Government reserves the right to make alternative arrangements to ensure that the repairs are made (see section 1.1.2)

3.6 Warranty of Repair Services: If equipment requires call back service for the same problem that was serviced for a 30 day period (including parts), this will be considered to be a reoccurrence of the same problem (see section C.2.4).

3.7 The Contractor shall perform all work in accordance with the National Fire Protection Association and the Joint Commission for Accreditation of Health Care Organizations standards.

4. CONTRACTOR FURNISHED ITEMS

4.1 Only new Original Equipment Manufacturer (OEM) standard parts shall be used in making repairs. All parts shall be warranted to be free of defects in accordance with the manufacturer's standard commercial warranty. KMC reserve the right to inspect all parts replaced. The Contractor shall have a reserve inventory source for repair parts so that these parts can be delivered to the site within one (1) normal working day if the part is not available in the Contractor's local inventory.

4.2. Minor Repairs: The Contractor shall be responsible for supplying and installing up to \$100.00 in repair parts per system during each service or inspection call. Parts requiring replacement as a routine part of inspections and testing as required by the manufacturer's, shall be supplied as part of the bid and will not count towards the \$100.00 parts cost threshold.

4.3 Major Repairs: If a system will require more than \$100.00 in parts to restore it to proper operation, the Contractor shall present the Contracting Officer, within 48 hours after the service call, a

detailed list of parts required to do so. The parts list shall include a description of the item, supplier, supplier invoice, part number and labor to install the part. Also, refer to section C.1.1.2

4.3.1 Uneconomical to Repair: Parts that are determined, by the Contracting Officer, to be uneconomical to repair shall be replaced in accordance with the manufacturer's written guidelines for each medical gas piping system.

4.4. Upon completion of repairs, the Contractor shall resume normally scheduled maintenance services required by this contract.

5. RESPONSIBILITIES OF THE GOVERNMENT

5.1 Government hospital maintenance personnel shall only attempt to make repairs to the medical gas piping systems realm.

6 RECORDS AND REPORTS: The Contractor shall provide all records and reports, as requested below:

6.1 Service Tickets: Following each regular scheduled maintenance call or emergency repair a service ticket shall be turned into the Government Inspector in Building 0468. The service ticket shall include, as a minimum, the following:

- a. Date and time notified.
- b. Date and time of arrival.
- c. Type and model number(s) and serial number of equipment being repaired.
- d. Time spent on the repair.
- e. Detailed description of malfunction of parts used.

The Contractor will provide KMC Keesler Medical Center with quarterly maintenance service inspections of the medical gas and Vacuum piping system to include, but not be limited to the following:

- a. Test for proper function both audible and visual indicators.
- b. Gauge accuracy.
- c. Low pressure activation.
- d. Reserve in use function.
- e. Change over function.
- f. Replace indicator light bulbs.
- g. Post emergency instructions.
- h. Re-calibrate instructions.
- i. Conduct purity and contaminant for all positive gases to include:
 - 1) Purity- Carbon dioxides, carbon monoxides, Methane, Hydrocarbons, Nitrous Oxide, Dew point temperature, chloride, ammonia, Nitrogen dioxide, and acetylene.
 - 2) Contaminant- Particulate levels throughout entire facility will be tested using a 0.45 micron filter along with temperature and odor checks.
 - 3) Service all outlets as needed; to include, O-ring, poppets, springs, face plates etc.
 - 4) Service low flow vacuum inlets to required 3.0 SCFII flows especially in the Operating Rooms.
 - 5) Will provide verification with documentation that Civil Engineering is maintaining the vacuum pumps, medical air compressors, dryers and all ancillary equipment up to OEM

specifications, and assist Civil Engineering in any maintenance questions or concerns at no cost to the Government.

j. As part of the quarterly maintenance service inspections, the entire medical gas system will be tested, inspected and evaluated per the most current dated ANSI, JCAIIO, NFPA 50, NFPA 99 and CGA specifications and recommendations to include:

- 1) All patient terminals for location, gas type, flow, pressure, cross connections, labeling, O₂ %, leakage, proper operation, ratio, spacing and dynamic pressure.
- 2) All zone valves for location, valve type, leakage, manufacturer and proper access
- 3) All master and area alarms – everything listed in the quarterly inspection.
- 4) Contaminant and purity testing – everything listed in the quarterly inspection.
- 5) All supply source equipment will be inspected (Oxygen bulk, nitrous oxide
 - a. manifold, nitrogen manifold, medical-air compressors, vacuum pumps, gauges,
 - b. filters, receivers, pressure relief devices, check valves, water supply,
 - c. ventilation, drainage, anti-vibration mountings, flexible connections, intakes
 - d. and exhausts.

99730 - Vending Machine Repairer	13.39
99740 - Vending Machine Repairer Helper	11.78

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$2.36 an hour or \$94.40 a week or \$409.07 a month

VACATION: 1 week paid vacation after 1 year of service with a contractor or successor; 2 weeks after 2 years; 3 weeks after 5 years; and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractor in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)

2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

3) WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges. A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** NOTES APPLYING TO THIS WAGE DETERMINATION **

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C.

20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)} Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed. The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed (occupation) and computes a proposed rate).
- 2) After contract award, the contractor prepares a written report listing in order (proposed classification title), a Federal grade equivalency (FGE) for each proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper. When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

52.212-5 CONTRACT TERMS AND CONDITIONS REQUIRED TO IMPLEMENT STATUTES OR EXECUTIVE ORDERS--COMMERCIAL ITEMS (JUN 2003) (DEVIATION)

(a) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of the basic clause, the Contractor is not required to flow down any FAR clause, other than those in paragraphs (i) through (vi) of this paragraph in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause--

(i) 52.219-8, Utilization of Small Business Concerns (October 2000) (15 U.S.C. 637(d)(2) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$500,000 (\$1,000,000 for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(ii) 52.222-26, Equal Opportunity (April 2002) (E.O. 11246).

(iii) 52.222-35, Equal Opportunity for Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans (December 2001) (38 U.S.C. 4212).

(iv) 52.222-36, Affirmative Action for Workers with Disabilities (June 1998) (29 U.S.C. 793).

(v) 52.222-41, Service Contract Act of 1965, as Amended (May 1989), flow down required for all subcontracts subject to the Service Contract Act of 1965 (41 U.S.C. 351, et seq.).

(vi) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (April 2003) (46 U.S.C. Appx 1241 and 10 U.S.C. 2631). Flow down required in accordance with paragraph (d) of FAR clause 52.247-64.

(2) While not required, the contractor May include in its subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

(End of Clause)

52.222-42 STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 1989)

In compliance with the Service Contract Act of 1965, as amended, and the regulations of the Secretary of Labor (29 CFR Part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C. 5341 or 5332.

THIS STATEMENT IS FOR INFORMATION ONLY: IT IS NOT A WAGE DETERMINATION

Employee Class	Monetary Wage-	Fringe Benefits
Pneudraulic Systems Mechanic	WG 10 \$16.81	32.85%

(End of clause)

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

<http://farsite.hill.af.mil/>

52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (APR 1984)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any [Defense Federal Acquisition Regulation](#) (48 CFR [Chapter 2](#)) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of clause)

252.212-7001 CONTRACT TERMS AND CONDITIONS REQUIRED TO IMPLEMENT STATUTES OR EXECUTIVE ORDERS APPLICABLE TO DEFENSE ACQUISITIONS OF COMMERCIAL ITEMS (APR 2003) (DEVIATION)

In addition to the clauses listed in paragraph (b) of the Contract Terms and Conditions Required to Implement Statutes or Executive Order-Commercial Items (DEVIATION) clause of this contract (FAR 52.212-5), the Contractor shall include the terms of the following clauses, if applicable in subcontracts for commercial items or commercial components, awarded at any tier under this contract:

252.225-7014, Preference for Domestic Specialty Metals, Alternate I (MAR 1998) (10 U.S.C. 2533a).

252.247-7023, Transportation of Supplies by Sea (MAY 2002) (10 U.S.C. 2631).

252.247-7024, Notification of Transportation of Supplies by Sea (MAR 2000) (10 U.S.C. 2631).

(End of Clause)
