11. GENERAL PROVISION (Complete blank spaces and add additional general provisions as appropriate: e.g., exceptions to printed provisions, additional parties to this agreement, billing, and reimbursement instructions.)

a. The receiving components will provide the supplying component projections of requested support (Significant changes in the receiving component's support requirements should be submitted to the supplying component in a manner that will permit timely modification of resource requirements.)

b. It is the responsibility of the supplying component to bring any required or requested change in support to the attention of _____ prior to changing or cancelling support.

d. All rates expressing the unit of services provided in this agreement are based on current rates which may be subject to change for uncontrollable reasons, such as legislation, DoD directives, and commercial utility rate increases. The receiver will be notified immediately of such rate changes that must be passed through to the support receivers.

NO

ADDITIONAL GENERAL PROVISIONS ATTACHED:

12. SPECIFIC PROVISIO (As appropriate: e.g., location and size of occupied facilites, unique supplier and receiver responsibilities, conditions, requirements, quality standards, and critiera for measurement/reimbursement of unique requirements.)

COMM Communication Services

Includes dedicated communications services and telephone equipment. May also include leasing of communication equipment, lines, and special communications-electronics equipment services. (POC: 81 CS/SCP, 7-8870)

Supplier Will:

- 1 Provide copies of current telephone directories; include Receiver telephone numbers base on organizational listings.
- 2 Provide communications services to include local, DSN, toll calls, and alterations or extension of existing service. All equipment, service charges, and toll calls are reimbursable as outlined in AFI 33-111 para 3.5. Also, the leasing of equipment and lines, purchase of authorized communications equipment, and administrative costs related directly thereto are reimbursable.

Receiver Will:

- 1 Provide listing(s) of personnel/telephone numbers for inclusion in base telephone directory.
- 2 Request only the minimum service required for mission accomplishment. Submit written request for services as needed and coordinate requirements with Supplier.

CUSTODIAL Custodial Services

Includes janitorial and cleaning services for customer-occupied or customer-used facilities and areas. (Contracted Service- POC: 81CONS)

Supplier Will:

- 1 Provide janitorial services at the level(s) authorized to other like facility operations on base, not to exceed standards set by Air Force or command directives. Actions above allowable standards will require funding by the Receiver.
- 2 Provide janitorial services in Receiver's administrative/operational areas, to include vacuuming the administrative areas.

Receiver Will:

- 1 Provide funding for services above allowable standards.
- 2 Submit a memorandum to Base Civil Engineering to request custodial services. Identify the cleaning services requested with a building floor plan identifying the areas to be cleaned, area measurements, type of floor covering(s), and the frequency required, plus other essential cleaning services.

ENTOMOLOGY Entomology Services

Includes abatement and control measures directed against insects, rodents, weeds, fungi, and other animals or plants that are determined to be undesirable in buildings, equipment, supplies, and on grounds. (POC: 81 CES/CERR, 7-3706)

Supplier Will:

- 1 Comply with all chemical reporting requirements in accordance with AF directives. Maintain required records.
- 2 Use only chemicals and quantities that are approved by DOD, HQ AETC, etc., for use at Keesler. Application will be performed by certified personnel only.

Receiver Will:

- 1 Reimburse the Supplier for entomology services performed by in-house forces. Provide funding for contract services.

- 3 Provide abatement and control measures directed against insects, rodents, weeds, fungi, and other animals or plants that are determined to be undesirable in buildings, equipment, supplies, and on grounds.
- 2 Obtain prior approval from Civil Engineers before commencing any self-help or contract entomology activities. Use approved chemicals only and insure that application is performed by certified personnel. Report all pertinent data such as type of chemical applied, area of application, quantity, etc., to Civil Engineers for inclusion in mandatory records.
- 3 Request support upon detection of infestation.

ENVIR CLEAN Environmental Cleanup

Includes collection, clean-up, transportation, and disposal of hazardous material. (POC: 81 CES/CERR, 7-3706)

Supplier Will:

- 1 Perform routine compliance inspections, accompany regulatory agency inspectors, and perform annual Environmental Compliance Assessment Management Program (ECAMP) inspections of Receiver's environmental management procedures.
- 2 Provide training to Receiver personnel as follows:
 - Hazardous waste training of designated Hazardous Waste Accumulation Point Managers, required annually.
 - Waste management, minimization, and recycling training, as required.
 - Permit Monitor (if required), record-keeping, and reporting of training.
- 3 Provide environmental management coordination to Receiver via the Environmental Protection Committee (EPC) and Supplier staff agencies chartered to work these areas.

Receiver Will:

- 1 Take immediate corrective actions necessary to eliminate any deficiencies noted during Supplier or regulatory agency inspections.
 - Comply with Supplier required corrective action suspenses.
 - Commit funding and manpower as required to correct regulatory agency findings of violations, discrepancies, or deficiencies in operations and procedures.
- 2 Maintain training records for all assigned personnel reflecting current training in all required environmental subjects. Monitor and schedule required periodic training.
- 3 Provide Supplier with a current list of personnel to be trained in hazardous waste management and other environmental required training as indicated in OPLANs and as required by permit conditions.
- 4 Comply with all federal, state, and local laws as well as Air Force regulations and OPLANs (Hazardous Waste Management Plan, Hazardous Material Incident Response Plan, etc.) pertaining to environmental management, including all permit conditions.

ENVIR COMPLY Environmental Compliance

Includes recycling and resource recovery programs, pollution prevention, environmental compliance, and programs aimed at management and control of hazardous materials -- does not include clean-up and disposal of hazardous materials.

Supplier Will:

- 1 Administer the recycling program for the recovery of any materials that can be recycled, including precious metals, paper, aluminum, plastics, etc.

Receiver Will:

- 1 Contact the Supplier if any equipment is installed, or any work is performed, which will pollute the air or water.

- | | |
|--|--|
| <ul style="list-style-type: none"> 2 Perform an environmental assessment meeting the requirements of the Installation Restoration Program (IRP); Comprehensive Environmental Response, Conservation, and Liability Act (CERCLA); and Resource Conservation Recovery Act (RCRA) at the time the property is returned from the Receiver or it is leased to another Receiver. 3 Consult with Receiver as soon as any potential for corrective action is identified and coordinate remedies with Receiver personnel, including contractors. 4 Provide initial and periodic awareness training to designated Receiver Spill Response personnel, if required. 5 Make available any Environmental Impact Analysis Process (EAIP) documentation support for Supplier construction projects as required by base contracting for inclusion in contract files. 6 Provide guidance and training to Receiver on solid waste collection, storage, and disposal procedures required under a Resource Conservation and Recovery Act (RCRA) permit, and on stormwater pollution prevention IAW the Clean Water Act (CWA). Act as exclusive interface for Receiver with federal, state, and local regulatory agencies. 7 Provide timely review of Receiver environmental impact analysis documents IAW applicable Air Force Instructions. Approve environmental assessments and forward environmental impact statements to higher headquarters for approval. | <ul style="list-style-type: none"> 2 Conserve all resources, and to the extent possible, eliminate all hazardous waste and other waste disposal by reprocessing, recycling, and reuse of waste materials. 3 Reimburse the Supplier for any IRP, CERCLA, RCRA, or regulatory agency compliance order-type audit at the time of occurrence, if applicable, or when the property is returned to the Supplier, or it is leased to another Receiver. In lieu of reimbursement, the Receiver may elect to perform an equivalent audit and then either certify that no contamination are present, or fund any corrective action requirements as noted in the proceeding paragraph. 4 Purchase all nonstandard or locally supplied chemicals in coordination with Supplier, and participate in any Supplier Hazardous Materials Management Program. Reimburse Supplier for any corrective action costs due to actions on the part of the Receiver. 5 Submit all EAIP documentation to the Supplier's EPC IAW Air Force Instructions and receive approval prior to commencing any operational or project action, which could produce environmental consequences on Supplier's premises. 6 Initiate and prepare EAIP documentation per applicable Air Force Instructions on all current and future proposed operational changes and projects. 7 Provide a representative to sit on the Supplier's Environmental Protection Committee and its subcommittees, as required. |
|--|--|

FACIL REPAIR Facility Maintenance and Minor Repair

Includes routine and cyclical preventive maintenance and minor repairs required to preserve or restore real property so it may be used for its designated purpose. (POC: 81 CES/CERR, 7-3706)

Supplier Will:

- 1 Provide authorized Receiver personnel access to the Civil Engineering Self- Help Store.
- 2 Provide alterations/modifications to assigned Receiver facility(ies) subject to Supplier approval and specific Receiver funding, including repairs occasioned solely by the Receiver's occupancy or use.

Receiver Will:

- 1 Designate, in writing, individuals authorized access to the Self-Help Store. Reimburse Supplier for materials.
- 2 Submit plans to the Supplier on proposed alterations/modifications. If approved, provide separate funding for accomplishment, or reimburse through established channels.
- 3 Coordinate and provide requirements and justification for prioritization of design. Reimburse as appropriate.

- 3 Provide engineering services (planning, designing, surveying, estimating, etc.) in support of Receiver-funded facilities work. If in-house resources are unavailable, work will be accomplished via an architectural/engineering or an engineering services contract.
- 4 Provide maintenance and structural repairs of an emergency nature, including service calls.
- 5 Provide routine and cyclical preventive maintenance and minor repairs of existing facilities, including those assigned for sole use by the Receiver; including maintenance and repair of real property installed equipment, miscellaneous structures, roads, grounds, and surfaced areas.
- 4 Coordinate with, and provide requirements and justification to, the Supplier on an AF Form 332, BCE WORK REQUEST, or emergency call-in. The Receiver is responsible for expenditures exceeding fair wear and tear, painting for appearance, or work considered desirable but not essential.

FACIL SUPPOR Facility and Real Property Support

Includes routine and cyclical preventive maintenance and minor repairs required to preserve or restore real property so it may be used for its designated purpose. (POC: 81 CES/CERR, 7-3706)

Supplier Will:

- 1 Provide required space/facilities as approved by the Space Utilization Committee and the Facilities Board.
- 2 Maintain real property accountability.

Receiver Will:

- 1 Obtain approval from Civil Engineering before altering or modifying real estate, or before removing or relocating real property installed equipment.
- 2 Submit space requirements in writing, with justification, to 81CES/CERR.
- 3 Appoint a real property building manager for each building/facility assigned. Furnish the name, grade, office symbol, and duty phone to the Supplier’s Operations Flight Facility Maintenance office (81 CES/CEOF). Comply with all of the Supplier’s real estate procedures and policies.

FIRE Fire Protection

Includes all normal services related to fire protection and fighting operations, alert service, and rescue operations. Also, includes inspections for fire hazards, servicing of portable extinguishers, and related training programs. (POC: 81 CES/CERR, 7-3706)

Supplier Will:

- 1 Provide all normal services related to firefighting protection and firefighting operations, alert services, rescue operations, and Hazardous Materials emergency mitigation.

Receiver Will:

- 1 Comply with fire protection directives, instructions, standards, and schedules.

POLICE Police Services

Includes maintaining law and order (e.g., enforcement of traffic laws, accident investigation, and criminal investigations), traffic management, vehicle decals, and parking pass services. Also, includes operation of confinement and detention facilities, and related services. (POC: 81SFS/SFOX, 7-7214)

Supplier Will:

- 1 Perform all normal services related to surveillance of buildings and grounds. Provide vehicle registration services as needed. Provide administrative support for traffic and criminal enforcement actions. Provide fingerprinting services as required. Provide security over-site services as required

Receiver Will:

- 1 Comply with supplier policies and procedures.

PRINTING Printing Services

Includes the operation of centralized printing, collating, binding, and mass mail addressing services.

Supplier Will:

Receiver Will:

REFUSE Refuse Collection and Disposal

Includes collection and disposal of trash and waste materials. (POC: 81 CES/CERR, 7-3706)

Supplier Will:

- 1 Provide for the collection and disposal of waste materials with the exception of materials that can be recycled.

Receiver Will:

- 1 Reimburse the Supplier based on actual costs or engineering estimates, as applicable.
- 2 Comply with all Supplier waste management and recycling requirements and policies.
- 3 Collect any materials that can be recycled, including precious metals, paper, aluminum, plastics, etc., and transport them to the designated recycling location. Request pickup of bulk loads of recyclable materials as needed, or arrange to transport them to the recycling center if pickup is not available.
- 4 Dispose of waste materials, excluding recyclable materials, in the location designated by the Supplier. Advise the Supplier of any special requirements.

UTILITIES Utilities

Includes water, sewage, electricity, natural gas, and fuel oil services. Also, includes central generation and distribution of steam, chilled water, and compressed air. (POC: 81 CES/CERR, 7-3706)

Supplier Will:

Receiver Will:

1 Provide water, sewage, electricity, gas, etc., for assigned Receiver facilities, as applicable.

1 Reimburse the Supplier based on activity rate, meter readings, and/or an acceptable engineering estimate, as applicable.
